Allies May Be Forced To
Establish West German
"Military Force"

RED SECTOR TO
MOBILIZE FORCE

By RICHARD S. WEIL
(I. N. S. Staff Correspondent)

BERLIN, Dec. 19.—A high American source said today the allies may be forced to establish a west German "military force" to meet the threat of a 400,000-man east German Communist police army reported in the making.

Soviet Foreign Minister Vishinsky was disclosed to have authorized the vast Russian-equipped east German puppet force on a recent stop-over in Berlin.

May Need Counter-Force
A leading U. S. official said the western powers may have to sanction a Bonn-controlled counter-force "if the Russians are successful in building a Communist army on the scale they apparently are planning."

Vashinsky reportedly gave the go-ahead to President Wilhelm Pieck and acting Premier Walter Ulbricht to mobilize the police army through a one-year compulsory military training program.

He was said also to have authorized the reactivation of all remaining arms and munitions factories in the Soviet zone.

The American official predicted the allies should know within coming months whether the Russians can successfully mold a highly-efficient army in the east German area.

"It is perhaps possible they will be hampered by continued purges. But if they can build a force really loyal to them it will be something the allies must reckon with."

He made it clear that everything depended on whether the Russians stay in Germany in force after a peace treaty.

Sunday evening shortly after 9 o'clock, traffic in the downtown section of the city moved at a snail's pace due to the many motorists returning to their homes from local Christmas church services. At one time cars were lined in a solid mass from the public square to Butler avenue. The fine weather prompted more residents to get out and attend the special programs.

According to an estimate in that county, probably 500 deer were killed in Mercer county during the past season. The number killed in Lawrence county would not reach that total, but more deer than ever before were killed in this county during the season just ended. Lawrence and Mercer counties are gradually being included in deer hunting territory.

Winter is scheduled to officially arrive on Wednesday, around about 11:24 p.m. in this area.

Business at the post office over the weekend was rushing. The mailing window was open and thousands of Christmas cards were deposited. Likewise, there were two mail deliveries over the city on Sunday, so that there was unusual activity continuously at the post office.

Many of the churches of the city presented the annual Christmas programs on Sunday, especially those in which the Sunday schools were the chief factor.

There was little of the appearance of the holidays in the weather conditions over the weekend in this area. Temperature was between forty and fifty degrees, and a misty rain fell part of the time.

For some years the caroling on the public square has been a Christmas feature sponsored by the Merchants' Division of the Greater New Castle Association. Ross D. Rosenberger is in charge of the programs for the GNCA and said today there would be two choirs singing Tuesday night.

Red Parley Prelude To
Southeast Asia Drive?

WASHINGTON, Dec. 19.—(INS)—Diplomatic observers believe the Moscow conference between Joseph Stalin and the leader of Red China was a prelude to an all-out Communist drive for Southeast Asia.

These high level diplomats also believe that Red China's boss, Mao Tse Tung, plans to waste no time in consolidating his successes in his homeland and is talking over the methods to be used with Premier Stalin.

Predictions of Mao's next moves, however, contain doubts that he himself will take any aggressive military action to extend Communism further in southeast Asia.

It is believed that the Chinese Communist leader is more likely to lend encouragement to the Reds in neighboring countries than to make any actual move across China's borders.

Urge Golf Course
And Airport Be
Retained By City

When council convened for the last time in the old city building this morning, the executive committee of the GNCA, and representatives of industry, unanimously told city directors that the sale of the airport, and the city golf course, would be a backward step, and requested solons to rescind their action in asking bids for these sale.

At the conclusion of the more than one hour's informal meeting, Mayor John F. Haven said that council would refuse to provide an answer today, but before anything is regarding the sale, the executive committee of the GNCA and representatives of industry would be summoned to council and notified of the city officials' intention.

Purpose Explained
President Richard E. Rentz, GNCA, explained the purpose of the meeting, and called upon a spokesman, all of whom expressed the opinion that, to dispose of the airport and golf course, would be a backward step. The men all agreed that both places are assets of the city.

Those who favor retention, and who spoke were as follows:

Clyde Whittaker, Universal-Rundle company; L. B. Round, Pennsylvania Power Company; Howard Richards, formerly with the New Castle Water Company; Lauren Thayer, architect; Howard B. Cummings, United Engineering & Foundation.

PITTSBURGH, Dec. 19.—(INS)—A campaign to force a full working week in the nation's coal fields was underway today among various retail coal dealers associations.

Retail dealers claim the three-day work week ordered by John L. Lewis' United Mine Workers has reduced their revenue, and according to J. Don Horner, president of the Retail Coal Merchants Association in Pittsburgh, has reduced coal supplies to "the critical stage."

Previously Joseph A. Moody, president of the Southern Coal Producers Association, urged the public to needle congressmen into some action to break the miners' three-day week.

By HOWARD HANDLEMAN
(I. N. S. Staff Correspondent)

YOKOHAMA, Dec. 19.—Consul General Angus Ward, heading his Mukden consulate group on its homeward journey from 13 months of Communist captivity, arrived in Japan today and said he hopes to get a new foreign assignment.

"But I doubt that I will return to the Orient," the veteran diplomat told newsmen.

Looking well rested and calm despite his month-long solitary confinement in a damp Communist cell in Mukden, Ward arrived at Yokohama aboard the evacuation ship SS Lakeland Victory, accompanied by 18 persons, including his wife.

A 19th member of his accompanying party was left behind at Pusan, South Korea, to take a job at the U. S. embassy in Seoul.

To Call On Gen. MacArthur
Arrangements were made for Ward to call on Gen. Douglas MacArthur in Tokyo Wednesday, after which he will return to Yokohama to sail with his wife aboard the liner President Wilson Thursday for San Francisco.

Gen. MacArthur's chief diplomatic aide, William J. Sebald, led an official delegation which met Ward as the Lakeland Victory docked at Yokohama exactly one week after the vessel had picked up the "deported" consulate group at Taku Bar, port of Communist-held Tientsin.

Israel Will

By PIERRE J. HUSS
(I. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Dec. 19.—Israel's Foreign Minister Moshe Sharett was prepared today to defend vigorously before the United Nations his government's transfer of its capital from Tel-Aviv to Jerusalem.

The 12-nation trusteeship council, charged by the U. N. assembly with placing the Holy City under U. N. rule, was expected to demand that Israel explain its controversial move.

Sharett was in telephonic communication with Prime Minister Ben-Gurion over the week-end and evidently was prepared to reject accusations that his government defied the assembly. He was ready to reaffirm Israel's intentions of going ahead with an early proclamation designating the ancient city as its capital.

However, the Israeli move is certain to run a gauntlet of severe criticism in the trusteeship council and draw a rebuke.

Big Business In
Christmas Trees

WASHINGTON, Dec. 19.—(INS)—The agriculture department reports that the Christmas tree business will have a nice glow about it this year—a 50 million dollar glow.

The department said that the 28 million trees would have a woodlot value of about six million dollars.

By the time these trees are sold, however, the department estimates they will cost the consumer close to 50 million dollars—a difference of 833 per cent!

SPECIAL CABINET
MEETING THURSDAY

By ROBERT G. NIXON
(I. N. S. Staff Correspondent)

U. S. SUB BASE, Key West, Fla., Dec. 19.—President Truman has decided upon new strategy for obtaining congressional approval of the Democratic party's platform promises.

The President, who has had three weeks of comparative solitude in which to think out the objectives of his administration during the next three years, will outline his decisions to his cabinet upon his return to Washington.

Cabinet Meeting Thursday
They will be presented to his cabinet at a special meeting at 10 o'clock Thursday morning.

Mr. Truman leaves Key West aboard his special plane, the Independence, at 8:45 a.m. Tuesday, and is due back at the White House in the early afternoon.

The President's program has been labelled by his political opposition a welfare state, "statism" or outright socialism.

Mr. Truman contends simply that he is seeking to carry out the will of a majority of the electorate, who approved the Democratic party platform by returning him to the White House a year ago.

On Thursday, the President will present his cabinet in secret session an outline of the program he will give Congress two weeks later in his three major annual messages.

'Confession' In
'Black Dahlia'
Murder Probed

LOS ANGELES, Dec. 19.—(INS)—A self-styled unordained "minister" reiterated a previous "confession" to the unsolved "Black Dahlia" murder last night and also admitted to police the rape-slitting of a little girl about nine years ago.

Robert Stewart Cox, 41, walked into the Los Angeles city hall and said he wanted to "clear" his conscience.

He told police he murdered a "six-year-old girl in 1940 or 1941" and repeated a story he had told earlier this year that he killed and mutilated Elizabeth Short—the "Black Dahlia"—in 1946.

Cox was booked on suspicion of murder while authorities began a close check of his statements.

PHILADELPHIA, Dec. 19.—(INS)—The central committee for conscientious objectors appealed to President Truman today to grant Christmas amnesty for several thousand conscientious objectors.

HAMBURG, Dec. 19.—(INS)—Nazi Field Marshal Fritz Erich von Mannstein was found guilty today on nine of 17 charges of war crimes and sentenced to 18 years in prison.

A British military tribunal in Hamburg passed sentence on the 76-year-old nearly-blind German military genius after hearing months of testimony that he ordered and condoned atrocities on the eastern European war front.

He was the last of the major Nazi war criminals to be brought to trial by the British war office which prepared the list of charges.

Agreement Looking To
Standardization Of Military
Weapons Announced

CONFORMS WITH
PACT PROVISIONS
(BULLETIN)

WASHINGTON, Dec. 19.—(INS)—The United States, Britain and Canada announced formally today that they have reached an agreement looking toward standardization of military weapons in the three countries.

The agreement has been under discussion since 1947. The announcement said observers will be exchanged by the three nations to assure that "there will be no material or technical obstacles to full cooperation among their armed forces."

To Fulfill Treaty

The agreement was described as "a step towards the fulfillment" of provisions of the North Atlantic treaty which calls for standardization of "parts and products of military equipment" in the North Atlantic area.

A similar arrangement was previously made by the five western European United Nations, including Britain and France, under the Brussels treaty.

Defense Secretary Johnson said that "no treaty, executive agreement or contractual obligation has been entered into by the participating nations." He added:

"These arrangements are decentralized to the working level agencies of the armed forces of the three nations for study in the various fields of military equipment and operational procedures."

Standard In Arms
"The studies, which are carried on by exchange of observers, aim at the gradual development of common designs and standards in arms, equipment and training methods."

"Cooperative arrangements for this purpose do not impair the control of any country concerned over any activities in its territory."

The agreement was announced in Washington, London and Ottawa. Groundwork for operation of the plan is believed to have been laid at a meeting of the North Atlantic treaty production and supply board in London six weeks ago.

Syrian Strong Man Is Ousted

Lightning-Fast Military
Coup Ousts Gen. Sami
Hennawi

AMMAN, Jordan, Dec. 19.—(INS)—A lightning-fast military coup today ousted Syrian strong man Gen. Sami Hennawi and sealed Damascus off from the outside world at dawn.

Hennawi—who took power himself only four months ago—was placed under arrest and five of his top Army aides were reported killed in brief early-morning fighting.

The revolt was engineered by Col. Abid Shishakali who alleged that Hennawi was "conspiring with foreign powers to the detriment of Syria's independence."

The Army group struck swiftly, surrounding the airport and entering government buildings and headquarters and closing streets.

The situation in the capital city of Damascus was apparently normal later in the morning with government departments working as usual and crowds of people, mainly students, thronging the streets.

Arrested along with Hennawi was his brother-in-law, under-secretary of foreign affairs Assad Talas.

The foregoing all agreed that the airport has been invaluable. Insofar as the golf course is concerned, they agreed that while it has operated at a deficit, the benefits derived cannot be measured in dollar and cents.

During the meeting Mayor John F. Haven presented financial statistics of the golf course. He said the airport is not in the "red." Financial places were "inherited" by the present city council. Director James Gibson said that people in surrounding areas enjoy the city benefits but do not contribute to upkeep. Director Jos. B. Alexander said he looked upon the golf course as a part of city recreational life, and told how the airport could be improved. Director Richard I. Davis said he was opposed to the airport sale, but has found opposition to the municipal operation of the golf course.

elation in Chicago also has urged voters to put pressure on their legislative representatives.

Some observers think coal operators will attempt to enlist public support against continuation of the three-day work week before the operators take any action. Operators, who have urged President Truman to take some action to curb Lewis and the UMW, also hope for government intervention.

Lewis currently is negotiating with anthracite producers in New York.

In an openly hostile move, one large coal producer, Lawrence E. Tierney Jr., president of the Eastern Coal Corporation, said his firm was not "going to pay" into the union's pension and welfare fund. But other major producers have indicated they will make the payments which are due this week.

of the gospel. Outstanding is the fact that he has never been absent one Sunday due to illness from his pulpit in the more than 50 years he has been preaching.

Shortly after coming to the city his first wife was taken by death and later Rev. Boon remarried being united in marriage to the former Mrs. Hanna Harris of Scranton.

Many accessions to the church have taken place during the past 15 years of Rev. Boon's ministry here. A number of outstanding improvements have been made in the physical properties of the church including the purchasing of and paying for a parsonage. A property south of the church was purchased for future expansion and new floors placed in the church.

To Hear Candidates

Recently, a fine public address system was installed in the church and just Sunday evening a new Hammond electric organ was dedicated for use in the worship services.

Candidates for the pulpit, when it is vacated by Rev. Boon, will be suggested by Rev. D. C. Kopp, district superintendent of western Pennsylvania, located at Westvintown. Several ministers will be heard before the congregation and official board come to a decision as to who should be called to the city to serve the church.

Rev. Boon succeeded Rev. Clarence F. Westover, who is now pastor of the Alliance church at Greensburg, Pa.

Card of Thanks

We wish to thank our friends, neighbors and relatives for kindness and sympathy extended us during our recent bereavement. Also for beautiful flowers and cars donated.

Mr. and Mrs. Jas. B. Hammond, Sr., Mr. and Mrs. Wm. C. Hammond, Jr., Mr. and Mrs. Harvey C. Hammond, Jr., Mr. and Mrs. Floyd A. Hamill, Mr. and Mrs. Robert G. Dix. 11*

ward, he held a news conference at which he refused to answer questions regarding future American policy toward Communist China. He explained:

"I am not prepared to recommend any policy. I don't know enough."

He said it was difficult to observe the general situation during the 13 months of red-imposed isolation and virtual imprisonment in Mukden, climaxed by his arrest, jailing and "trial" on what he termed a false charge of beating a Chinese employee.

Notwithstanding what he called his "hellish" ordeal in the Manchurian metropolis Ward expressed hope he would soon be able to resume his career in the foreign service. But he indicated he would seek an assignment in Europe or elsewhere outside the Far East.

an armed attack on Formosa, the island where the Nationalist regime has its headquarters.

This plan is discredited in some quarters where it is believed that international complications might arise from a red attack, since the island, once under Japanese domination, will have its fate decided in the international Japanese peace conference.

It was also pointed out that the Nationalist regime, virtually imprisoned on Formosa, is likely to "die on the vine" if it receives no outside aid. Local antagonism to the Nationalists is reported to be building up.

Other observers believe that Mao is less a threat to southeast Asia than Communist cells within China's neighbors in that area.

retort to Secretary of State Acheson's warning on Saturday that Shanghai was "a zone of danger" and "extremely hazardous to shipping."

Acheson's note followed the apparent refusal by the Chinese Nationalists to give assurances that American shipping would not be attacked in waters adjoining communist-held ports.

Acheson's warning was, in effect, directed to the Isbrandtsen line. Its vessels have been the

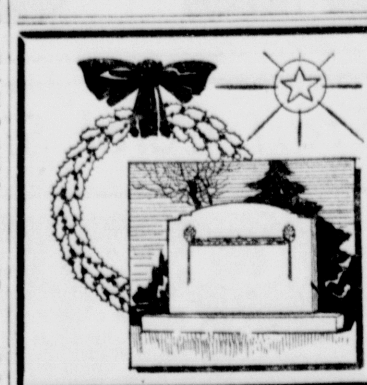

only U. S. ships fired upon by the Nationalists. The Flying Cloud was attacked Nov. 15 near Shanghai.

Meantime, British lines in Hong Kong withheld any announcement of whether they would defy a Nationalist threat to mine the coastal ports in communist hands.

intact and that they will continue forever. They spread and spend, paving the way to financial disaster when they lose out."

I talked to the owner of a fancy grocery store a little while ago. He looked down in the mouth. I asked him why he was glum, when his store was always crowded with prosperous looking people.

"That's just the trouble," he complained. "They LOOK prosperous, but they are broke."

"These people buy caviar and all sorts of delicacies on the cuff. Then they give big parties to impress their guests."

"I look at the lists of the hosts and guests. Most of them own money. Many of them will never pay."

"What's the answer? Why do they do it? What good does all that fourflushing do? Will THAT keep them out of the Old Folks' Home if they don't SAVE?"

Some years ago I visited Trujillo City in the Dominican Republic. We drove down a wide, beautifully paved boulevard. Suddenly the boulevard ended and became an impassable jungle lane—going nowhere.

Where the jungle lane began there was a sign "Dead End". (Copyright, 1949 King Features Syndicate, Inc.)

HOLEY HOLEY HOLEY

Sore feet cause a lot of trouble. Corns and bunions and blisters do not help much.

Sometimes socks cause foot trouble. Dad says he has golf socks, nine holes.

Holey socks or improperly fitting stockings may cause sore feet. Perhaps it would help some if socks were washed every day.

Improperly fitted shoes cause a lot of lameness. Shoes may be too large or too small. They may be too narrow or too short. They may not fit the shape of the foot.

The latest styles are not always best for Sallie's feet or Joe's either.

If shoes and socks are comfortable on the inside, nuf ced.

When they were leaving, Miss Berliner asked, "Well, Fenimore, did you enjoy the recital?" "You bet," answered Fenimore, "that is, all but the music."

Many Witness Annual Christmas Exercises

Large Attendances Reported In City And District Churches For Annual Programs

Banner attendances were reported in most churches of the district on Sunday for the annual Christmas exercises and cantatas which were presented in district churches.

A number of the programs presented by the boys and girls of the Sunday schools, were witnessed by the large crowds on Sunday morning, while in many cases the young people and youth choirs took over the Sunday evening services for their cantatas and musical programs.

In the rural churches, similar impressive services and programs were presented and enjoyed by large congregations. The weather cooperated nicely, enabling larger numbers to be in attendance at the various programs.

Throughout this week, various programs are to be presented by churches which did not have their exercises on Sunday.

Annual Christmas Party Is Enjoyed At Country Club Saturday Night

Foremen of the United Engineering and Foundry Company, and their wives enjoyed the annual Christmas party of the Foreman's Association Saturday night at the New Castle Country club.

It was the usual delightful informal affair with a program built for the pleasure of all. The service of the dinner at 6:45 opened the evening and following the dinner Howard B. Cummings, plant superintendent spoke briefly. He welcomed the guests, thanked the foremen for their co-operation during the past year, and then presented veterans buttons to three employees.

Roy Furlen, head of the estimating department was presented with a forty year pin, David Stewart of the assembly floor with a twenty year pin and Dale Morrow of the stores department with a ten year pin. Guests from out of the city were then introduced.

Mr. Cummings then turned the program over to Sidney J. Turner, president of the Foremen's Club. Mr. Turner spoke briefly and then asked Frank Strizzi, chairman of the program committee to take over. Mr. Strizzi and a committee acted as Santa Claus, without a beard, and distributed gifts to a number of the guests.

For entertainment the committee had secured Jack Bright of Pittsburgh who presented a burlesque of the radio giving away programs. This with audience participation.

A motion picture was shown and dancing concluded the evening's fun. About 125 were present for the party.

We'll try to make it a Merry Christmas

We know how much Christmas calls mean, and we'll do our best to get them through. Of course there will be a lot of them; Long Distance lines will be crowded.

Although we've added many lines and switchboards since last Christmas, it's simply impossible to provide enough facilities to handle the full tide

of Christmas telephone traffic without delays.

You can be sure, however, that we'll do our level best to speed your holiday calls to friends and family.

Remember, most messages cost less after 6 P.M., as well as all day Christmas and Monday, December 26.

Safe Robbers Get Little For Effort In Mercer County

MERCER, Dec. 19.—A gang of safe robbers did lots of work but got mighty little loot at garages in this area Friday night.

State police said the gangs broke into five garages here and at Stoneboro.

At the Persch garage here they laboriously cut open a safe with a torch, and got practically no money. At the Parker Moto Co. they found the safe open, but no money except some change.

Undiscouraged, the thieves tried the Horschler Motor Co., which has no safe. They got small change from the cash register.

Moving on to nearby Stoneboro they broke into the Parker and Slater garages, but apparently were scared away before they could attempt to open either safe.

Mercer County Man Is Fatally Hurt In Accident

SHARON, Pa., Dec. 19.—Lewis J. Kelley, 33, of 590 North Water avenue, Hickory township, was injured fatally Sunday when his car ran off the road on Myers Hill, near his home, and overturned at the bottom of a 10-foot embankment.

Dr. James F. Elder, Mercer county coroner, said Kelley evidently had crawled from the wreckage of his car to the bend of the road, where his body was found by a passing motorist.

Kelley, according to his widow, had driven a friend to the friend's home near Five Points after they quit work and evidently was returning home when his car ran off the road.

Many Extra Trains For Holiday Mail

PITTSBURGH, Dec. 19.—This month's heavy mail deliveries by the Pennsylvania railroad are expected to top last Christmas time's record peak by six per cent.

The PRR has added 41 extra trains to its system to handle the Christmas letters and packages. Extra mail cars also have been added to regular trains.

Right now, long distance mail is "taxing our facilities to the utmost," a spokesman said, "and after the peak is passed, the shorter haul mail volume will soar."

But the railroad said that all mail is moving on schedule.

singing. After a brief period of games, delicious refreshments were served by Sandra Aiken, Ronald Mielke and Jane Bees.

Several jokes were read by Rose Marie Alfredo, Deanna Schooley and Mary Ellen Campbell. A skit, "The Night Before Christmas" was presented by the youngest scouts.

A. Lewis Conn, chief clerk of the Permanent Registration Bureau on Saturday removed 1606 names of voters from the list of registered voters. Of the total 837 were from the city lists and 769 from the county list.

All the names were removed for failure to vote within two years last past. Many of them have died, others have moved away and some have not exercised their franchise.

In the city, 661 Republicans were cancelled, 168 Democrats, 2 Prohibitionists, and 6 No Party. In the county 466 Republicans were cancelled, 288 Democrats, 6 Prohibitionists, and 6 No Party.

It is believed the unusually heavy vote of November 8 was responsible for the low number of cancellations. In one year over 8,000 were cancelled.

Naval Personnel Ordered To Salute Civilian Officers

Admiral Sherman Dresses Down Personnel For Not Saluting Civilian Superiors

WASHINGTON, Dec. 19.—(INS)—Don't be startled if a braided naval officer throws a salute at you from now on, just to be on the safe side.

Admiral Forrest P. Sherman has dressed down naval personnel for neglecting to salute their civilian superiors—a total of 15 officials. He didn't however give any instructions on how the civilian-clad 15 are to be recognized. Sherman's order read:

"Responsible officers are direct-

ed to indoctrinate their subordinates in the necessity for keeping their eyes open . . . particularly, they must be alerted to encounters with government officials in civilian clothes."

Those entitled to salutes include the president, the secretaries of defense, navy and air force, their deputy secretaries and their assistant secretaries.

Little Chance For Overall Increase In Nation's Taxes

Chairman Of Tax Writers Committee Sees Little Chance Of Congress Action

WASHINGTON, Dec. 19.—(INS)—The chairman of house tax writers foresees little chance that the new session of congress will vote an overall increase in the nation's taxes.

Rep. Doughton (D) N. C., head of the house ways and means committee, says, however, that he hopes that "some of the more burdensome excise taxes" can be cut down when the lawmakers return to Washington next month.

It may be possible to increase some taxes and to offset revenue losses from excise cuts, Doughton said, but he declined to make any prediction. The veteran congressman would not comment on proposals for shifting part of the excise tax burden to corporation income taxes.

Doughton declared that the whole fiscal situation will have to be considered when congress gets back to work. One chief concern, he said, should be the means of attacking the 5.5 billion dollar deficit predicted in the current fiscal year by the administration. The committee chief listed excises on transportation and communication as the levies that should get first consideration for cuts. And he added, "I would not stop there."

The cantata was under the direction of Mrs. Perry Crowe, who also was pianist for the occasion.

Miss Edna Griffiths was in charge of the programs, while invitations were sent by Mrs. Lyle Gibson. Miss Anna Dodds, Miss Clara Smyth, and Mrs. Marshall Leathers had charge of curtain decorations. Aiding in the program were John Cornelius, principal, Miss Helen Hinkson, Miss Helen McCurley, and Miss Martha Smyth. Decorations were arranged by the P.T.A. of the school, and the room was darkened with the only illumination being a large star and spotlight, arranged by Clark Shumate. Services were given by Warren Broadbent in the final arrangements.

The highlight of the meeting was the presentation of a trophy by Hank Williams, member of the Junior Board of Trade of Beaver Falls, to George Zeh, captain of the squad, for its victory over the Chippewa eleven at Reeves Stadium.

U.S. Will Submit Evidence Against Soviet Satellites

State Department Claims Satellites Resorted To Forgery With Mindszenty

WASHINGTON, Dec. 19.—(INS)—The United States is preparing to submit to the United Nations a mass of evidence that Russia's Balkan satellites resorted to wholesale forgeries in prosecuting Cardinal Mindszenty and other churchmen.

The State department declined to disclose the nature of the data being assembled. A spokesman said it would be kept confidential until its submission to the UN.

However, the evidence is understood to include carefully detailed reports by Laszlo Sulner, famed Italian criminologist.

Sulner told International News Service in an exclusive interview several months ago that Cardinal Mindszenty's signature was forged to the alleged confession introduced at the trial of the distinguished prelate.

Soviets Claim Cosmic Bombs

BERLIN, Dec. 19.—(INS)—Speculation on development of a "cosmic bomb," more destructive than atomic weapons, was stirred by a Soviet claim that a new device had been developed to "penetrate the secrets of cosmic rays."

The Soviet news bureau, in a Moscow-dated story, said a "super atom-splitter," 8,943 powerful than America's atom-smashing cyclotrons and betatrons has been developed by Soviet Professor W. L. Weekler.

Electrons reportedly can be given much greater energy by the new machine than by the American atom-smashers.

The soviet report added: "Any desired change in the nuclei can be carried out with this machine."

"By using particularly fast electrons, it is hoped to penetrate the secret of cosmic rays."

State Rents

Bonus Office

HARRISBURG, Dec. 19.—(INS)—Work is being rushed on a Harrisburg warehouse to convert it into headquarters for distribution of the state's \$500,000,000 soldiers' bonds.

The Property and Supplies department awarded a \$34,895 contract to Shelley-Spera Construction Co., Inc., of Harrisburg, to remodel the warehouse, located in the city's hill section, into an office building.

When outgoing bonus checks reach a peak, the state expects to employ 1,000 workers in the building.

Meantime the Military Affairs department worked hard to meet its deadline to send out application blanks January 12.

Seek New Quarters For Swing Lobby

Moving Of City Hall Offices To Close Dances For Temporary Period

Swing Lobby will pass out, temporarily, following next Friday night's activities on the third floor of the city building where dancing is enjoyed by the younger folk.

Dr. John Meehan, chairman of the board of directors of the Recreation center made the foregoing announcement.

"We have been trying to make some arrangement with Martin P. Berger, owner of the old city building, but so far no results have been attained."

According to Dr. Meehan and city officials, Mr. Berger will per-

mit the Recreation center to be continued there, for a time providing the city heats the building.

City officials believe this to be not only too expensive but a risky proposition.

Meanwhile, Dr. Meehan and directors are searching for a place

where Swing Lobby and other recreation activities may be continued.

Biscuits enough to supply every person in the United States with two every day for a year would require 500,000,000 pounds of baking powder.

Shepoco Club Party Events

Children Entertained In Morning And Adults At Cathedral Saturday Night

Saturday was a double header Christmas party for members of the Shepoco Club of the Shenango Pottery.

In the morning the children of the members enjoyed a party in the Penn theatre and in the evening the members and their wives had fun in the Cathedral.

Saturday morning the youngsters of Shepoco members attended the Penn theatre where they were each given a Christmas treat and enjoyed a special picture.

Party At Cathedral
The party for the club members started at 7:30 in the Cathedral. An hour's program of shorts and cartoons provided laughs, and a five-act vaudeville show gave the crowd some real stage enjoyment. During the evening turkeys were distributed to those members who had been smiling upon by Lady Luck.

Special guests at the evening party were the boys and girls of the Margaret L. Henry Home for Children.

The programs of the day were arranged by a committee headed by Paul Gilbert with the following members: Leonard Simon, Francis Gregor, Ralph Pia, Bus Davis, Mike Nard and Sam Henry. Joe Pagley is president of the Shepoco club. The club is composed of employees and officers of the Shenango Pottery.

Representative Plans To Fight Census Question

Rep. Brown, Ohio, Says Question On Income An Evasion Of Rights

By RAYMOND WILCOVE
(U. S. Staff Correspondent)
WASHINGTON, Dec. 19.—Rep. Brown (R-Ohio) today advised people who are wondering whether to tell the census taker about their incomes, to "use your own judgment."

Brown stressed that he is not urging the public to defy the census man when he pops the controversial income questions during the 1950 tally.

The Ohioan said he had received hundreds of letters, telegrams and telephone calls asking his advice since he denounced income questions as illegal.

No Authorization
Brown asserted in an interview that he is convinced the law does not authorize the Census bureau to question people regarding their income when it takes the 1950 decennial census next April.

But, he cautioned, "no one knows how the courts might interpret the law or how they might rule." The congressman added:

"Each individual will have to decide for himself whether to answer the questions about his income and that of his family."

"I'm not urging anyone to defy the Census bureau unless he wishes to make a test case of it in court."

Willful refusal to answer questions is a misdemeanor punishable upon conviction by a maximum penalty of 60 days in jail and \$100 fine.

Invasion of Rights
"I'm going to do my best, however, to block the Census bureau from asking that type of question. It's a clear invasion of a man's right to privacy."

The Census bureau appeared undeterred by Brown's threat of legislative action. It went ahead with its plans to have its census takers ask every fifth American detailed questions about his family's income.

It's only concession was its offer to permit objectors to answer the questions by mail. Brown said that merely evaded the basic issue.

People whose income totals \$10,000 or more will not have to answer the questions.

Brown predicted that "practically all the Republicans in the House and half the Democrats" will support him when he seeks legislative action in January to block the Census bureau.

School Psychologist Speaks On Testing In New Castle Schools At McGill

Members of the Arthur McGill Parent-Teachers met in the school auditorium on Thursday evening with Mrs. Florence Langan, vice president, in charge. The meeting opened with the audience singing several carols. "Why the Chimes Rang" was read very effectively by Mrs. M. King.

Elmer Delancy, school psychologist, was introduced by Dr. Joseph Hartman. He spoke on "Psychological Testing in the New Castle Public Schools." His subject was highly informative and the group showed keen interest as he discussed and explained the following kinds of psychological tests: (1) intelligence tests, (2) achievement tests, (3) interest inventories, (4) aptitude tests, (5) skill tests, (6) personality inventories, (7) diagnostic tests, (8) sensory tests, and (9) miscellaneous tests.

A panel discussion, in which members of the study group participated, followed Mr. Delancy's lecture. The panel was composed of the following persons: Mrs. Charles Maier, chairman, Mrs. Dan Fisher, Mrs. R. H. Druschel, Mrs. Simon Skole, William Trimble and Edwin O. Feas. The panel asked many leading questions of Mr. Delancy, and in answering them, he was able to further clarify the questions under discussion.

At the close of the meeting the members were invited to the stage where Mrs. John P. Byers and her hospitality committee served delicious refreshments, buffet style, from a prettily appointed table. Tall red tapers in gleaming silver candelabra highlighted the table which was decorated in the holiday motif.

Seek More Suspects In 'Diploma Mill'

PHILADELPHIA, Dec. 19.—(INS)—A Philadelphia man was under arrest on charges of operating a "diploma mill" which turned out fake graduate certificates in the names of reputable institutions for a price.

The operations were exposed when state police seized Daniel J. McDevitt, head of a school for massage and practical nursing. Investigators charged the fake diplomas "specialized" in various phases of medicine, and are held by persons throughout the country.

The police listed among the allegedly forged documents: A doctor of philosophy degree, issued on the form of Columbia university; degree of doctor of medicine, supposedly by the Kansas City University of Physicians and Surgeons; honorary college fraternity certificates, including the medical Kappa Phi Sigma.

The prices according to investigators, ranged from \$100 for the Columbia PhD to \$350 for a "package deal" that included the medical degree, honorary fraternity certificate, and interne certificate from a now defunct Philadelphia hospital.

Home-Buyer Survey Results Announced

WASHINGTON, Dec. 19.—(INS)—The average home-buyer of 1950 will want an \$8,000 to \$10,000 bungalow with no dining room or basement, a small kitchen and plenty of closet space.

That's the word from the national Association of Real Estate Boards which has just completed a survey resulting in a composite "all-American house of \$1950."

The NAREB reports that for the most part the 1950 homes will be of no particular style, but will borrow ideas from many styles. However, "ranch" houses will be popular, as will Cape Cod and colonial types. The survey shows that sales are holding steady in more than half of the cities checked, and advancing in 20 per cent of them. Price is a prime factor, the board says, with the bungalow beginning as low as \$5,000 and running no higher than \$10,000.

Getting Ready for Christmas Toys.

Toys can mess up the house and especially so at Christmas when friends and relatives pour them in. If you haven't worked out an entirely satisfactory system whereby Junior and Junior Miss easily can take care of their own toys, here's a workable idea that isn't too hard to get into operation.

Ask the corner grocer to save you two or three sturdy wooden boxes of the apple-box type. Soak off the labels, nail a couple of one-half by two or three-inch strips lengthwise on the bottom to reinforce the boxes and to provide a foundation of which either casters or "domes of silence" can be fastened. Make loop handles for either end by inserting a short length of rope through two holes bored four or five inches apart. The knots on the inside that are

heavy enough not to be pulled through.
If you wish, paint the boxes. Whether you do this or not, it is a good idea to paint or draw pictures on the outside showing the young what they are expected to keep inside. Thus, your version of several blocks piled on one another shows Junior that this is the block box. A few pieces of furniture sketched on side or end gives the idea to Junior Miss.

The boxes, even when full, can be pulled easily to the spot where they are kept. Youngsters will enjoy their toy "trucks" and be much more likely to pick up after themselves.

Bathing Suit Fashions Will Undergo Change

By JEAN BUCK
(U. S. Staff Correspondent)

MIAMI, Dec. 19.—There's bad news for men and good tidings for the girls in the preview of bathing suit fashions for summer, 1950.

The bikini—two handkerchiefs sometimes called a bathing suit—is passe. Lots of girls, who couldn't squeeze into them anyway, will be happy.

Men, who presumably were tantalized by the bikini's defiance of the laws of gravity, may be momentarily sad.

But wait 'till they see what's new this year.

One-piece suits, mostly strapless, are making up nearly 80 per cent of the advance fashions shown in Miami.

Experts said the trend is away from the two-piece suit and that the American girl prefers to abandon the "naked look."

Don't get us wrong: There will be plenty of whistling this summer, too—but for the breathtaking flattery of new suits, not the sheer shock of the bikini.

Colors are unusually bright this year. And the names are fascinating—flamingo red, sun-baked tan, and tangerine, for example.

There are several new style notes. They include the "plunging neckline" number, another called "the puckered look," and the "sheath suit." This last one is figure-hugging 100 per cent nylon and—as the name suggests—is just a sheath of material.

It takes a figure.

SOPHOMORE CLASS PARTY

Members of the sophomore class of the local high school enjoyed a Christmas party last week in the school music room and were chaperoned by Miss Margaret Rishel of the high school faculty.

Beautiful decorations in keeping with the season transformed the room into a scene of Yuletide festivities. A brilliantly and gayly decorated tree also featured in the decorating scheme. Santa Claus was present and proudly presented the gifts which had been placed under the tree.

Following a period of games and dancing, delicious refreshments were served.

PLAY CAST ENTERTAINED

Miss Margaret Rishel, director of the recent senior class play, "For Pete's Sake," entertained the members of the cast and the managers Friday night in the school music room.

The event was held at the close of the school varsity basketball game. Round and square dancing were the diversions. At a late hour delicious refreshments were served by the hostess. Decorations were carried out in the Yuletide motif.

BETHANY CLASS PARTY

Covers were arranged for 15 at the tureen dinner and Yuletide party of the Bethany class of the

Methodist church Friday night in the church dining room.

Attractive holiday decorations were used in the table decorations and also throughout the dining room.

After dinner a gift exchange was a feature. Mrs. Ray McBride, class teacher, was presented a lovely gift by the group and she in turn gave each member a lovely Christmas token.

TO AID CLASS

In Saturday night's item of the oyster supper sponsored by Butler Bennett's class of the Presbyterian church in the church dining room it was reported that the proceeds would be used for purchasing

equipment for the church basketball team. This is incorrect and the receipts will be used for class needs.

Howley Answers Russian Charges

Soviet Newspaper Called Ex-Commander Of Berlin 'Provincial Trader'

PHILADELPHIA, Dec. 19.—(INS)—Brig. Gen. Frank L. Howley, ex-U. S. commander in Berlin, replied caustically to charges in the Soviet Army newspaper, Red Star, that he was "a provincial trader" and "a slanderer in a general's uniform."

The attack upon the retired general, now staying on a farm outside Philadelphia, resulted from his critical comments in American newspapers and magazines concerning Russia and the Berlin occupation.

Red Star accused Gen. Howley of attempting to "drown in a flood of lies . . . the truth about his shameful activities as commander of the American sector of Berlin."

Replied the fiery, blunt-speaking Howley: "The whole of the United States is made up of provincial traders. That is why the United States is able to help the whole world now. I take that as a compliment."

"Any American leader in Europe who does not incur the wrath of the Russians should be scrutinized very carefully."

Actually, what the Russians say has no bearing on truth and is not supposed to have. They use words to take our minds off what they are doing."

Philadelphia Eagles Defeat Rams 14-0, For NL Title

Steve Van Buren Is "Atomic Bomb"

By CHUCK PANAMA
(International News Service Sports Writer)

LOS ANGELES, Dec. 19.—Philadelphia's atomic Eagles proudly ruled today as kings of the National Football league for the second straight year after a convincing 14-0 "mud bowl" playoff triumph over the Los Angeles Rams.

The jubilant, victory-flushed Birds rolled eastward while the bruised Rams sadly licked their wounds and reflected that it never pays to underestimate the power of an opponent, especially if it's Steve Van Buren.

Van Buren Sensational

A furiously driving Van Buren, unquestionably one of football's all-time great ball carriers, chopped the Los Angeles defense to shreds and forced the Rams to "eat crow" after week-long bragging that they would smother the Eagles' amazing halfback.

Ignoring a driving rainstorm which converted Los Angeles' coliseum into a sea of mud, the mighty one was sure-footed as a mountain goat while savagely ripping off an astonishing 196 yards.

Weather Terrible

The inclement weather, incidentally, may not have stopped Van Buren but it did halt the jingle of cash registers, kicking off attendance at the NFL's final playoff game.

A meagre gathering of some 22,000 spectators braved the elements to watch the sensational Van Buren stage the greatest one-man show in NFL playoff history rain or shine.

Steve lugged the slippery pigskin 31 times, averaging more than six yards a try.

Pihos-Skladany Score

Van Buren's sensational hammering failed to result directly in an Eagle's score, but minus his bolts the Birds may have had difficulty in piercing deep enough into Los Angeles territory to register their first touchdown on a 31-yard aerial, Tommy Thompson to end Pete Pihos.

That was early in the second period after the two mud-caked, virtually unidentifiable teams slipped and slid through a scoreless first quarter.

Rookie end Leo Skladany, playing only his third game, gave the Eagles their second six-point try by draping himself on a blocked punt in the end zone in the third frame.

Automatic Cliff Patton, huge Eagles' guard, booted both extra points.

Neale Praises Steve

So amazing was the stampeding of Van Buren, Eagles' coach Earle (Greasy) Neale was prompted to observe:

"Steve Van Buren ran the best I ever saw a man run."

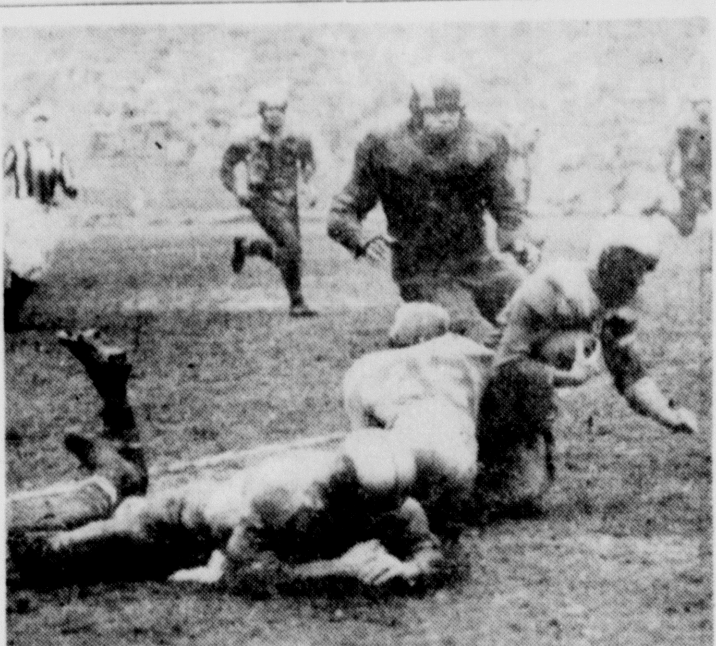

All the Eagles performed remarkably well under the circumstances to add weight to a contention held by many experts that the Birds constitute the greatest football team ever assembled.

Neale praised his entire squad, especially his defensive team which held the Rams to a miserly 21 yard rushing.

Morellas Carding Fine Attractions

The Morella All-Stars basketball team will play the El-Flyet team at the Y tonight.

"Fats" Morella, sponsor of the team has booked the famous Pittsburgh Steelers and Broadway Clowns for a future appearance here. In the Broadway lineup are those well-known Indianapolis Clowns baseball stars King Tut and Goose Tatum, probably at the Arena.

LOS ANGELES, CALIF.—Norman Van Brocklin (with ball), Los Angeles Rams quarterback, is tackled in slippery mud by Russ Craft (No. 33), Philadelphia Eagles halfback, as Van Brocklin is knocked out of bounds after receiving a short pass during the Rams vs. Eagles pro-football game playoff which Eagles won 14-0.

County School Fives Play Tuesday Night

Seven county high school basketball teams will see action Tuesday night and one will play on Wednesday.

Ellwood Away

Ellwood City travels to Sharpsville, a team that shows no resemblance to the one that lost to Aliquippa last year in the WPIAL finals. So far this year Sharpsville has lost to Beaver Falls, Ambridge and Fredonia has defeated Hubbard. Ellwood will be looking for its fifth straight victory.

Wednesday night Union will take its turn against the West Middlesex punching bag at the Scotland Lancers floor. Once before this season these two teams met, with Union coming out on top 49-35.

On the junior high scene Benjamin Franklin meets its faculty George Washington entertains Ellwood City and Union will play host to Bessemer.

BASKETBALL BITS

Duquesne ended Aliquippa's 32-game winning streak Friday night with a resounding 59-24 score. Ambridge continued its winning ways Friday with a 57-27 win over Vandergrift. Beaver Falls had a tough time with Westinghouse but finally came out on top 27-25. George Soos, Ellwood City center, has put in 24 fouls out of 30 tries in only four games so far this season. Farrell continues its merry pace, last victim being New Kensington 52-28 Friday night.

Beaver At Wampum

Wampum welcomes another crack at Beaver on the Indians home floor. Last time the two teams met Beaver came out on top 47-33. Since that time Beaver has lost to Ellwood City, 33-30, and has defeated Leetsdale 58-29.

Shenango travels to Zellenople to try and regain its winning ways. The Wildcats won their first two and then dropped the next two. Zellenople has defeated Bessemer twice and lost to Wampum.

Bessemer goes across the state line to Lowellville, O., to see if it can't get its second win. Its first and only other win came at the expense of an Ohio team—Poland.

New Brighton Here Tuesday

New Castl High basketball team will go after its third win of the year at the Washington floor Tuesday night, meeting the fast New Brighton High quintet. The prelim will start at 7 o'clock.

Fresh from its 48-46 win at Meadville last Friday the Canes will attempt to make it three wins for the season by dumping the Beaver Valley flippers.

Vandergrift Friday

Coach George "Gig" Thomas is rather well set on his starting lineup after four games, and will reveal it at game time tomorrow. Little is known of the relative strength of the Brighteners, but annually they put out a good club. Friday night the New Castle High tossers meet Vandergrift here.

BUCK TATE NAMED LINEMAN OF YEAR

"Don 'Bucky' Tate" was named "lineman of the year" by a poll of 166 coaches in 13 counties and three high school football leagues of Western Pennsylvania.

The husky, 207 pound, sixteen-year-old won the award, getting a total of 36 points to 23 for his nearest competitor, Bill Syantek, of German Township.

Konek Wins Award

Tate played guard on offense and tackle on defense for the undefeated Red Hurricane of New Castle. Although out with injuries for most of three games, Tate was outstanding in one of the strongest defensive teams to ever represent the Red and Black. The Bridenbaugh champion, however, owned their success to outstanding team spirit and team play rather than the outstanding work of one individual.

John Konek, triple threat back from undefeated California, the class A, WPIAL champions, was named player of the year in the same poll conducted by Sports Writer George Kiseda, of the Pittsburgh Sun-Telegraph.

Konek won the ward by only four points from McKeesport's Fran Paterra.

Towering Titans Trounce Carnegie Tech, 71 To 52

Westminster's Towering Titans took on increased stature in the tri-state basketball race Saturday night by racking up their fifth straight win. A highly respected Carnegie Tech team was the victim, 71 to 52, at Pittsburgh.

Prior to the Saturday encounter the Tartans had won four games and had lost by a very slim margin to Waynesburg. The Plaid owned a much more decisive win over Bethany than West Virginia had been able to achieve.

Take Early Lead

However it was all Westminster in Skibo gym. Coach Grover Washbaugh's boys gunned to a 20-to-10 first period lead and owned a 42 to 22 margin at half time. The Titans used 12 players in the game and substituted frequently.

Pat King, Connellsville sophomore, maintained his excellent scoring pace by caging 14. Bruce Wagner, Cochrantown, got 11, and Jackie Jones, another from Connellsville, hooked in 10.

The victory was the Titans 14th straight over Carnegie Tech. The Tartans have not been able to defeat Westminster since 1942.

In the preliminary game, freshman members of the Westminster squad defeated Tech's Jayvees 48 to 42, in a closely contested match.

Play In Jersey

The undefeated Blue and White now heads East for a pair of important tiffs in New Jersey. Tonight the Titans will take on Upsala at East Orange, N. J., and then battle a highly touted Seton Hall five at South Orange, N. J. on Wednesday.

Score by periods: Westminster 20 42 52 71 Carnegie Tech 10 22 32 52. Referee—Jacobs. Umpire—Mihalik.

Personable Jim Leonard, a bruising 230-pounder chosen from 37 applicants as football coach at Villanova this year, was chosen as the outstanding grid mentor in Pennsylvania for 1949.

Pulaski Trim Pittsburgh Five

K. Pulaski Bly Five ran roughshod over the Pittsburgh Lige-teers Five at the Arena Sunday 73-29. The rejuvenated Pulaskis won their third game in succession, after a slow start.

Coach, Al Gonet has strengthened his big five by adding to his already powerful roster two former Ellwood City stars, Brandes, and Palmgren who average well over the six-foot mark in height.

The Pulaskis have booked another fine attraction at the Arena, the All American "Red Heads" from Chicago will appear at the Arena in the near future. The Pittsburgh "Five" were no match for the tall Pulaskis Sunday when they took an early lead to come out victorious by a lopsided score.

Lead At Half

The Pulaskis led at half-time 30-16. Being classified as a second half ball club they came out to pour it on in the second half hitting the hoops for forty-points.

Neovote, Andrews, and Waters were high for tall Pulaskis. Carson, Reynolds, and Stone took scoring honors for the Lige-teers. Tuesday, at the K. P. Hall the Pulaskis will be striving for win No. 4 in the row when they will face the strong East Palestine quintet. In the preliminary attraction the K. P. "Cubs" will be out to extend their winning streak to ten when they will face the New Castle Saxons. Thursday the Pulaskis will journey to Jamestown Penna to play the Jamestown V.F.W. quintet at 8 p. m.

RIFLE CLUB HAS MATCH TONIGHT

Members of the New Castle Rifle club will hold a match with the East Palestine Rifle club at the Armyory tonight. The match will get under way at 8:30 o'clock.

Dr. Eddie Baker, the dentist who guided Carnegie Tech to its best football season in many years, was named International News Service small college coach of the year in Pennsylvania.

HERE AND THERE IN SPORTS' LAND

SPECIAL amendment of the Pennsylvania Fish laws enacted by the 1949 legislature prohibits fishing of all kinds in any waters of the state from March 14 to April 15, except in rivers, lakes and ponds not stocked with trout. The legislature has mined no words in its determination to put a stop to the taking of trout under the guise or pretense of fishing for suckers. Here are the fish, season and limit; per day.

Trout, April 15-July 31; not less than six inches, 10 (combined species).
Lake Trout, July 1-September 29; no size; eight.

Northern Pike, July 1-November 30; not less than 16 inches; four.
Bass (white, crappier, strawberry or calico); any time of year; no size, 15 (combined species).
Rock Bass (otherwise known as red-eye); any time of year; no size; 15.

In the foregoing both dates are inclusive.

Even though Geneva will play only 25 contests, Al Vlasie, high scoring center is well toward possibly bettering his 1948-49 record. Last season the Monaca star registered 347 points. So far this season he has scored 99 points in six games. . . W & J has put a new twist on the All-Opponent idea by selecting a best passer, Tracy LaTona, Buffalo, a best kicker, Adam Karcis, Geneva, and best lineman, Carl Gruenberg, Bucknell. . . Dick Gabriel, captain-elect of Lehigh I gridders and leading collegiate scorer in the East with 16 touchdowns to his credit, was the nation's fourth leading ground gainer this season. Final official small-college statistics compiled by the National Collegiate Athletic Bureau reveal he averaged 8.11 yards per carry on 126 rushing attempts in nine games. Leading the ball carriers was Ode Posey of Southern University with an average of 11.56 yards average gained on 121 rushes for 1399 yards in 11 games. . . As a team the Lehigh Engineers took nineteenth place for national untiring honors. . . Al Severance is the eldest in place of service on Villanova's basketball coaching staff. He is now serving his fourteenth season as head coach. . . Cecil F. Suber, veteran fisherman, in anticipation of trout season, has presented Here & There with a dozen nice spinner flies which will be used April 15. . . Incomplete reports of Pennsylvania's Doe kill, says as many doe were killed this year as were shot in 1947. A large proportion were 30 and 40 pound deer, which would have died from malnutrition, the Game commission reports. . . Two Elk were killed this year, one in Cameron county, and the other in Elk county. . . In Mercer county an auto hauling a deer home crashed into another truck. The auto-killed deer was an 8-pointed which weighed 277 pounds.

Sportsmen Meet Sunday Afternoon

Northwestern division of the Pennsylvania Federation of Sportsmen met Sunday for its quarterly meeting at The Castleton hotel.

Eight of the nine counties in the federation were represented—Erie the lone absentee—at the dinner meeting.

Among the business at the meeting was the drawing up of new resolutions to be presented at the meeting of the state federation in February.

Present Resolutions

Among the resolutions presented by the northwestern division was one calling for state wide deer laws, specifically calling for the elimination of the closing of some counties during deer season and the opening of others by the counties themselves.

It was also announced that the Mercer county group is planning a banquet January 11, at which time Hayes Ingert, former division supervisor, will be honored. Next meeting of the division will be held in Clarion in March.

New York Stocks

LISTLESS TREND IN STOCK MARKET

Drop In Trading Volume Places Meaningless Trend On Market

NEW YORK, Dec. 19.—(INS)—A drop in volume imposed a narrow, meaningless trend on the stock market in forenoon trading today.

Though the list was firm, price changes were restricted to minor fractions as turnover faded to 290,000 shares in the first hour.

Motors and steels hovered near Saturday's finals as trading stagnated. Dullness prevailed in oils.

Santa Fe Ry. edged about a half higher but other carriers rested.

Westinghouse Electric advanced 1/2 point. Aircraft and chemical shares crept higher in slow trading.

N. Y. cotton was up as much as 35 cents a bale. Chicago wheat and corn traveled a mixed, fractional range. Bonds and curb shares were firm.
